

AINSWORTH TRUCKING

CITY: Robstown

WEBSITE: ainsworthtrucking.com

TOTAL NUMBER OF EMPLOYEES: 112

Safety is the foundation of Ainsworth's corporate culture. Ainsworth has never had an accident involving a fatality, not had a lost time accident for 640 days, and has driven almost 4½ million miles since the last lost-time accident. These achievements can be attributed to Ainsworth's focus on teamwork, education, and cutting edge driving simulation equipment.

Ainsworth Trucking only hires experienced drivers, yet puts all new drivers through vigorous training. Even non-driving employees receive safety education.

With this programing, Ainsworth has earned their spot as a leader in transportation safety with a top-to-bottom company culture emphasizing safety every day, every mile.

CENTRAL TEXAS RURAL TRANSIT DISTRICT/CITY AND RURAL RIDES

CITY: Coleman

WEBSITE: cityandruralrides.com

TOTAL NUMBER OF EMPLOYEES: 66

Texas is so big, it really helps to have a car. Thanks to City And Rural Rides—acronym of CARR—the residents of eleven counties in Central Texas, do!

CARR provides transportation for any resident who needs it. With drivers working so closely with the public, they must be prepared for any number of contingencies. All drivers receive extensive training, including First Aid and CPR, Defensive Driving Certification, and procedures for handling of a variety of situations.

CARR drivers who have no safety violations for a year are issued a lapel safety pin, award certificate, and receive recognition at the All Staff Meeting.

CARR is who you want behind the wheel when you can't be there.

CITY OF IRVING

CITY: Irving

WEBSITE: cityofirving.org

TOTAL NUMBER OF EMPLOYEES: 1683

The City of Irving's goal is to set the standard for a safe and secure city.

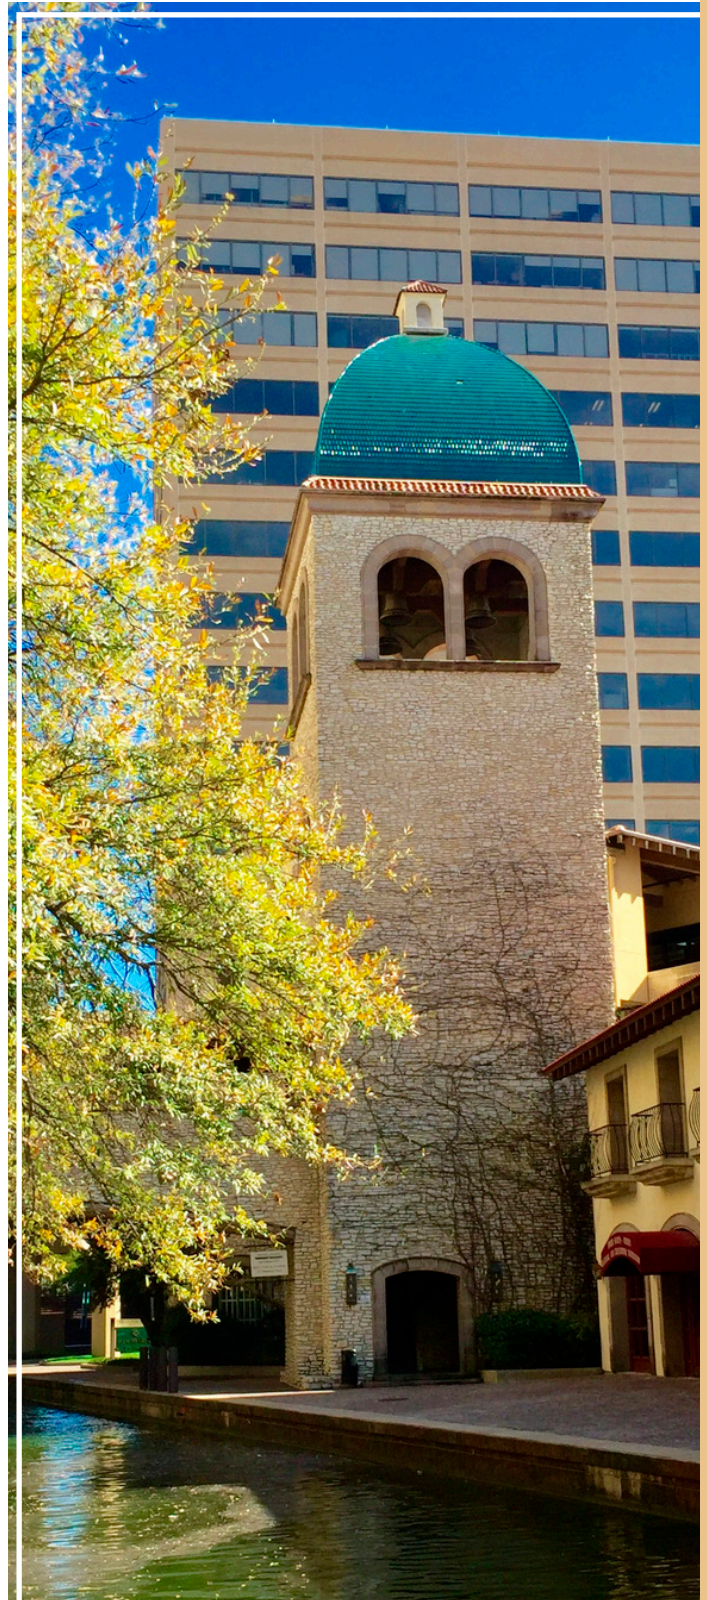

With over 1,600 fulltime employees and over 800 vehicles, traffic safety training includes driver safety courses, an Annual Employee Safety Fair, an accident review team, and weekly safety information distributed to the entire city workforce through e-mail.

Irving offers numerous outreach programs including Alive at 25 in their Municipal Courts dealing with youth traffic offenders, and Safety Town, a child sized town to teach how to be safe around traffic.

The City of Irving is certainly serving its employees and citizens well.

CITY OF WACO

CITY: **Waco**

TOTAL NUMBER OF EMPLOYEES: **1600**

The City of Waco makes driver safety a top priority. Working with Our Driving Concern and the National Safety Council, Waco has implemented the city-wide "Safe Driving Initiative," training 44 employees, with at least one person from each department. Traffic safety information is also communicated every month to over 1,600 city employees.

Dedicated to making the roads of Waco safe for all, residents and visitors benefit from the city's commitment to driver safety.

CONOCOPHILLIPS- EAGLE FORD

CITY: **Kenedy**

WEBSITE: **conocophillips.com**

TOTAL NUMBER OF EMPLOYEES: **200**

ConocoPhillips believes that safety is not a priority, but rather a value. With multiple safe driving programs in place, ConocoPhillips walks the walk.

It continues to develop new programming, implementing In Vehicle Monitoring Systems in 2013. The system provides drivers with real time feedback on driving performance. Employees averaged a 94% "Safety Score" before the program started. Now drivers say, "I am a much better driver that I was before." New safety scores prove it! In 2015, average Safety Score rose to 98%. And that's while traveling over 5.6 million miles.

"Nothing is so urgent or important that we cannot take the time to do it safely." Yep! ConocoPhillips does walk the walk. All 5.6 million miles of it.

DALLAS ISD RISK MANAGEMENT SERVICES

CITY: Dallas

WEBSITE: dallasisd.org

TOTAL NUMBER OF EMPLOYEES: 21,714

The Dallas Independent School District is the second-largest public school district in the state, and the 14th-largest district in the entire nation. This means it takes care of a lot of kids. And they do it very well!

With a fleet of 615 vehicles, employing almost 1,300 drivers, the district understands it all begins with driver safety. In-person trainings take place at each department throughout the year. Traffic safety topics are geared to the needs of each department and designed to make sure instruction is engaging and personal.

This combination of strong teaching and sound policies has created safer drivers for the roads of Dallas and surrounding cities.

EAGLE FORD SHALES, STEPS

CITY: Falls City

WEBSITE: efssteps.com

TOTAL NUMBER OF EMPLOYEES: 2000

The Eagle Ford Shale STEPS is a volunteer organization of professionals representing all segments of the oil and gas industry. STEPS strategizes to reduce injuries and fatalities, with an aim of total incident-free operations. This is a lofty goal but with the expertise of its volunteers, it is certainly within reach!

STEPS has forged dozens of professional alliances, and networks with regional and national organizations. Working with OSHA, STEPS revised and updated the osha.gov oil and gas e-tool, making it now the most visited page on the osha.gov website.

Eagle Ford Shales STEPS is an organization transforming the entire industry.

TEXAS MEDICAL CENTER

CITY: **Houston**

WEBSITE: texasmedicalcenter.org

TOTAL NUMBER OF EMPLOYEES: **170**

Texas Medical Center is small but mighty in its mission to promote health and safety for all. Serving as witness to the impacts of cell phone use while driving, Texas Medical Center provides training on the dangers of distracted driving, as well offering Lunch & Learns about health and safety, defensive driving classes, and other educational programming.

Partnering with the City of Houston, working with employees, reaching out to all visitors—160,000 or more each day—Texas Medical Center is keeping traffic safety for all front and center.
