

Speeding?

Expect

Speeding is dangerous.

Speeding is the #1 contributing factor in traffic crashes in Texas. It reduces your reaction time and increases how much distance you'll need to stop to avoid a crash.

Speeding can also be expensive.

Slow down or you could face a hefty fine plus court costs, and your insurance rates could go up. Remember, fines double if you speed in a school zone or a work zone when workers are present.

Drive to conditions.

Observe posted speed limits. If there's bad weather, traffic is heavy, or road construction is ahead, slow down and match your speed to road conditions.

**BE SAFE.
DRIVE SMART.**
