CRASHES can WRECK your business!

Approximately **4,200 people die** annually as a result of crashes on Texas highways.

Motor vehicle crashes are the **number one** cause of unintentional workplace deaths in the United States.

Employer costs can include:

- liability insurance
- workers' compensation
- vehicle property damage
- crash-related legal expenses
- sick leave and lost productivity
- health, life and disability insurance premiums

Crash-related injuries can mean **days away from work**, which can greatly impact employer costs.

TEXAS EMPLOYERS ARE PUTTING TRAFFIC SAFETY TO WORK!

Our Driving Concern RESOURCES and ONLINE TRAIINNG can help businesses develop a company-wide traffic safety program!
